

## VERSION 4 UPGRADE NOW AVAILABLE

Version 4 Software is now available to all LP-X users as a free download from the Leprecon website ([www.leprecon.com](http://www.leprecon.com)) and is also shipping with every LP-X24 or LP-X48.

### Here are some of the newest features found in Version 4:

- Enhanced Run Time and Programmer Screen
- Playback and Step Titling
- Trackball Support for Pan/Tilt
- Easy Access to any Step within a Playback
- Enhanced Encoder support for Attribute Override, Label Editing and Effects Programming
- Label imports-allows user to load fixture labels (pallets) from a previous show into the current show
- Ability to "Preview Steps" within a playback
- Touchscreen keypad for text input
- 1-1 Patch Mapping with custom starting points and length
